Subject: RE: Update on Ruben Wright Case

Good afternoon,

I have touched base with our NCIS Freedom of Information Act (FOIA) office and our NCIS Inspector General (IG) office in regards to this request.

In talking with the FOIA office, they have confirmed with me that your office has all the NCIS material in our possession.

In talking with the IG office, we believe the initial complaint was answered by the Management Directed Inquiry that I authored.

If you wish to report a new or refined complaint against NCIS concerning your allegations, please contact the Department of Defense Office of Inspector General hotline at (800) 424-9098 (toll-free) or visit their website at <http://www.dodig.mil/hotline/>.

Thanks,
Sean

Subject: [Non-DoD Source] Update on Ruben Wright Case

Hi Sean,

Do you have an update for us on the Ruben Wright case? We know you were going to review your file, since we're trying to account for the missing footage at

the Camp Lejeune main gate which was not addressed in your report. We reviewed the NCIS supplement further and still don't see anything addressing our concerns with the main gate. The explanation that the cameras are motion censored does not apply here, because we have photographs from the missing segments (proving that the footage at one point existed).

Thanks,
Eileen Ulate
